1 3

No. G-55 Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar, 28th June 1951.

To

The Chief Engineer to the
Government of Bombay,
Public Works Department,
Bombay-1.

Subject:- Retrenchment:
Continuance of the Haliyal Irrigation Sub-Division.

Reference: Government letter, P.W.D.No.2499/48(4)-I.E. (II), dated the 14th February 1951.

2. In view of the relaxation of limits of acreage in the North Kanara District vide para 2 of Government Circular Memorandum P.W.D.No. 2536/48 dated 20th January 1951, the activities of repairs to Minor Irrigation works in the Haliyal Irrigation Sub-Division have considerably increased. The possibility of investigating the bandhara sites in this Sub-Division is also being explored.

3. The present position as regards the contributed and promised works is detailed in the accompanying statement. It will be seen that there are nearly 70 works available for execution during the period from October 1951 to June 1952. In addition to this the Collector of Kanara after discussion with the Executive Engineer, Dharwar Irrigation Division has assured that at least 60 more works in Yellapur and Haliyal Talukas and in Supa Petha would be forthcoming. There will, therefore, be ample work for this Sub-Division at least to the end of June 1952.

4. In view of the type of work to be carried out in the difficult terrain of North Kanara District and the acute shortage of labour, the number of works proposed to be undertaken in the Haliyal Irrigation Sub-Division is more than sufficient for justifying the continuance of that Sub-Division, till the Loan Scheme is in operation. There is considerable field for activities as the irrigators have by now appreciated the benefits of the Loan Scheme and are steadily coming forward to take advantage of the same with enthusiasm.

5. There is, besides, the proposal of taking up by this Department regular rotational repairs to all the Minor Irrigation tanks which number nearly 2000 in this Sub-Division.

6. In view of the above circumstances, Government may kindly be moved to continue the Haliyal Irrigation Sub-Division at least to end of June 1952, in the first instance.

D.A: 1 statement.
